

# Complete Anti-Corrosion Solutions For Airframe, Avionics And Ground Support Equipment

**ACF-50 treatments every two years puts corrosion in a permanent holding pattern. While keeping electrical connectors/systems moisture free.**

C-Check Friendly • No Hazmat Waste Generated  
Providing protection for: Structures • Seat Tracks  
Door Sills • Electrical Contacts  
Leading Edges • Inlet Rings • Actuators  
Landing Gear Mechanisms • Galley/Lavatory

| P/N   | Description                |
|-------|----------------------------|
| 10004 | 4L/1gal (4/case)           |
| 10013 | 13oz/369gm (12/case)       |
| 10020 | 20L/5gal                   |
| 10032 | 32oz/.95L (4/case)         |
| 10114 | 114L/30gal                 |
| 10205 | 205L/54gal                 |
| 50000 | Hand Held Spray System     |
| 50003 | Standard Pump Spray System |

50000

50003

Both Spray Systems include:  
Bullet Tip, 7 Application Wands & Training DVD

- **ACF-50 is a blend of ultra-pure base stocks and speciality corrosion inhibitors and surfactants**
- **Film thickness for ACF-50 is 0.00026**
