

CJ Aviation Repair Station (YPGR715L) is relocating to Baldwin City, Kansas

We want to express our appreciation and thank you for your continued business. As you know, in 2021 we partnered with McFarlane Aviation to better serve the General Aviation Marketplace. In January of 2023, we relocated the manufacturing of all our PMA Fuel Pumps to McFarlane Aviation and effective November 1, 2023, the CJ Aviation repair station will be relocating to the McFarlane facility in Baldwin City, Kansas.

Effective November 1st, 2023, please send any CJ Aviation core returns and any fuel and hydraulic pumps that require overhaul and repair service directly to McFarlane Aviation. This also includes any units for warranty consideration.

To ensure the highest level of support and the fastest turnaround times, please ship all units to our new facility at:

McFarlane Aviation

Attention: Repair Department (CJ Aviation FAA/EASA YPGR715L)

682 E 1700 RD

Baldwin City, Kansas 66006

sales@cjaviation.com or call 800-227-5772

This relocation represents a significant step forward in our ongoing commitment to quality and service excellence. McFarlane will continue to have one the largest inventories of DUKES, Aero Fluid, Weldon, and CJ fuel pumps in the industry. Our expertly trained CJ Aviation technicians will operate in the new facility with state-of-the-art test equipment.

Should you have any questions or require further information, please do not hesitate to contact our dedicated customer service team at **sales@cjaviation.com or call 800-227-5772**.

We deeply appreciate your continued trust and support in CJ Aviation and McFarlane Aviation. We look forward to the opportunities and growth this relocation will bring, and we are excited about the prospect of serving you from our advanced facility in Baldwin City, Kansas.

Thank you for being a valued part of our journey, and we eagerly anticipate many more successful ventures together.
